Museogram is an app that allows users to explore museum info, see exhibits at each museum, and explore instagram posts tagged at that museum.

As a potential visitor, I want to see museum information to plan my visit
- Find museum address
- See a list of all exhibits
- Click to view details for each exhibit

As a museum visitor, I want to share my experience with others
- Add a review of my experience
- Post a photo to instagram and have it appear on the page

As a far away fan
- Explore different museums
- See photos taken at the museum
- Read reviews of experiences
